Dear Mr. Weisberg,

I have just finished reading Whitewash for a paper I am working on. I do not plan on publishing this paper since it is for a college research term paper. Like I said I have finished reading your book, which I feel is important and more honest than the other critics of the Warren Report, and would like to ask you two questions that I hope you will answer for me. First of all do you believe shots were fired from the grassy knoll and Texas Book Depository at the same time? Secondly, Charles Roberts in The Truth about the Assassination criticizes Lane, Epstein, and you. Do you have any feelings about Roberts and if you do what are they?

I would appreciate an answer to these questions. Thank you very much.

Truly yours,

Earl Hein
